Mobile Developer || Backend Developer

Professional Summary

Result-oriented and enthusiastic individual who delivers under pressure with little or no supervision. Excellent communicator in English and Igbo. Goal-driven, with a strong passion for building great products. Eager to work in environments that encourage learning, collaboration, and innovation.

Technical Skills

Languages: JavaScript, Dart, CSS, HTML, Node.js

Frameworks/Tools: Flutter, Node.js, JWT, MongoDB, Git, GitHub

Soft Skills: Communication, teamwork, problem-solving, attention to detail

Project Portfolio

1. Wallet App

Tech Stack: Flutter, Dart, Node.js, MongoDB, JWT

A digital wallet application that allows users to:

- Add/Remove ATM cards
- Send/Receive money
- Experience smooth animated interactions
- Leverage secure API integrations and user authentication

2. Healthcare App

Tech Stack: Flutter, Dart, REST API

A healthcare application that enables users to:

- Book appointments
- View medical records
- Connect with doctors in real-time
- Receive push notifications for follow-ups

3. Game7 - Interactive Language Learning App

Tech Stack: Flutter, Dart, Firebase, REST API

Inspired by Duolingo, this gamified app helps users learn languages via:

- Interactive quizzes and challenges
- Progress tracking with AI feedback
- Cloud storage and push notifications

4. Task Management System

Tech Stack: Node.js, Express, JWT, Bcrypt.js, MongoDB

A task tracking system for user productivity with:

- Full CRUD on tasks
- Priority settings
- Secure login via JWT & encrypted passwords

5. Movie App

Tech Stack: Node.js, Express, JWT, Bcrypt.js, MongoDB, OpenAI

Features include:

- CRUD on movies
- Smart movie recommendations using OpenAI API

6. Expense Tracker Pro

Tech Stack: Node.js, Express, JWT, Bcrypt.js, MongoDB

Helps users manage personal finances via:

- Categorized expense tracking
- Insight reports

- User authentication with JWT

7. Contact App

Tech Stack: Flutter, Dart

A sleek contact management app with:

- Custom avatar initials
 - Responsive design
 - Search functionality
-

Experience
